WELLS PROJECT

The Alliance organization pays tribute to Dr. Kimat Gul Khatak in their clean water project. He is a founding member of Appna, may Allah bless his soul and make this a form of Sadaqah Jariyah.

Lahore Food Bank

The Alliance Executive Committee generously donated proceeds to cover one full week of food at the Lahore Food Bank
Thank you to all who donated!

ABOUT THE ORGANIZATION

Alliance has extraordinary potential to be an effective philanthropic organization. In our endeavour to bring about a positive change around us, a team effort is required. The benefit to humanity ought to be at the root and facade of the Alliance's mission. The alliance must explore the priceless human and financial resources of the APPNA/Alliance membership and equip it to carry out its mission. Alliance's effectiveness in furthering its agenda would require establishing Alliance chapters nationwide. Efforts to uplift our communities shall be a truly rewarding experience,

2021 Message from Our President

Dear Alliance friends & families
As-salamu Alaykum,

I am extremely honored to be granted the chance of serving our beloved organization from treasurer to general secretary to president-elect & now I feel privileged of serving as the president of Alliance. I am eager to start on a fresh & positive note this year.

To improve this organization means to break barriers, move past hindrances, and allow the organization to learn from past mistakes. Therefore, we need to emphasize transparency. To this end we are making all of Alliance's finances, meeting minutes, and executive decisions accessible to the Alliance general body.

It is well understood that alliance is not a one-person organization, it is a collective body made of incredible minds that defines this organization. I look forward to & encourage more involvement from the Alliance general body

We have all seen first hand how a lack of transparency and unwillingness to cooperate can negatively impact our mission and therefore, we will not allow it to happen again. We are also excited to continue with the project "No Fun Being Ordinary" that I was fortunate to begin in 2019 addressing issues/concerns our children on the autism spectrum face and the direct effect it has on the families.

We endeavor to create a safe, comfortable, and fun environment for the children and their families attending the APPNA conferences, regardless of disability or special needs. One of our goals this year is to expand to host more workshops and create more awareness. No child should ever feel left out and no parent should feel reluctant to attend the APPNA conference because of it.

In addition, we would like to expand our mission of helping our families by also addressing issues of mental health, specifically depression, and anxiety as these have become greater concerns within our communities.

We are grateful for the immense support we have received from our membership and believe these goals are all attainable with your continuing support & commitment

My goal for this year is to showcase families and specially the children's achievements and their talents. I want to make the volunteer experience fun and I would like to invite all of you to share your ideas with me and my team.

I truly believe Alliance has the potential to reach new heights! Looking forward to seeing you all in person-very soon, In Sha Allah.
